

Sunday, March 4, 2018

Good evening all...

Tuesday's Council meeting begins at 6:00 pm, in Council chambers on the second floor. [Click here to see the agenda](#) [By the way, Council meetings are typically the first, third, and fourth Tuesdays of the month... unless the Tuesday is a holiday. The first meeting of the month is always a night meeting, 6:00 pm; day meetings begin at 1:30 pm.] Note for Audubon Place, Biscayne Cove and Perdido Cove residents: We're getting closer to re-surfacing your road! (Thank you Connie Rockco, Supervisor.)

The DRC (Development Review Committee) meets Wednesday. [See the agenda](#)

Wondering what to do with those hazardous materials around the house that you'd like to get rid of? The Rockco-McFarland Household Hazardous Waste Site at 10076 Lorraine Road, Gulfport, might be able to take them off your hands. [Click here to see what they'll accept for disposal and day/hours of operation](#)

The bid package to repair the Lighthouse Pier, damaged during the last hurricane and shown below, is on the streets now; the repairs will be paid for by FEMA. Also, the lighthouse parking area has been re-configured, re-surfaced, and landscaped with a Tidelands grant. The parking area will be striped for parking in the near future.

Mark your calendar... the Community Market, generally known as the Farmers' Market, opens Tuesday, April 3, for another season. [See the flyer](#)

Finally, don't forget the Ward 5 meeting Wednesday, March 7, 6:00-7:15 pm, at the Snyder Recreation Center, second floor. Speakers/Topics: **(1) Major Ron Lessner, BPD:** Spring Break (April 13-15) and **(2) Mr. Peter Abide, city attorney:** Mercury Lane gate.
