

April 12, 2018

Good evening all...

For your convenience, a recap of Spring Break info and reminders.

For traffic advisories sent to you cell phone use B-Alert. To sign up for this free service (unless your cell plan has text charges), **text SPBK to 888777**. Include your zip code if prompted. A return confirmation text will be sent to you automatically.

Watch Chief Miller's video explaining the traffic plan and some Q & A. [Click to watch the youtube video](#)

Police Major Chris DeBack, public information officer in the Biloxi Police Department, offers last-minute thoughts and advice regarding the Spring Break traffic plan. [Click to listen](#)

WLOX reporting on the Biloxi traffic plan. [Click to watch](#)

Traffic cones are now in place on Highway 90, for the Spring Break Traffic Plan. Police don't expect to prohibit public use of the left lane until Friday morning and no later than Friday at noon. Remember, the right lane is for motorists; the left lane is for emergency responders and tow trucks. The left lane will be used by school busses Friday afternoon to get students home in a safe and timely manner. If unauthorized motorists use the left lane the driver will be ticketed and the vehicle will be towed.

See live video feed from MDOT cameras. [Click here to go to MDOT's website](#)

Friday is garbage pick up; the garbage trucks will be running earlier than usual.

As I write this, heavy weather is forecast for Saturday... rain and wind. [Click to see the 5 day forecast](#)

I will be driving Ward 5 each day of this event to see how things unfold; if you see me, say hello!
