A helpful reminder...

The hurricane debris hauler/contractor, has made a couple of passes through neighborhoods to pick up debris, including cut trees. Should you now hire a private tree cutting company to cut down trees on your property, that tree cutting company is now responsible for hauling away whatever they cut down. Pelican Waste is not required to remove it!

Channel Mark Drive, utility boring...

- ▶ Sparklight will be replacing 250 ft of "bad" cable on Channel Mark Drive.
- ▶ Centerpoint/gas will be boring along the east side of Debuys Road from just north of Eula to Runnymede Drive and then west into Gulfport.

- **Be patient on debris removal, contractors will get to you...**
