Good fences make good neighbors... [See regulations on fences](#)

The city's Community Development Department is reminding those who are replacing or repairing fences to obtain a required permit from the city, which is free if the fence was damaged by Hurricane Zeta. Deadline for the free permits is April. Please note, says Community Development Director Jerry Creel, the city's requirement that the "finished" side of the fencing shall face the perimeter of the lot. *Questions about fencing?* 228.435.6280

Residents of The Enclave and Audubon Place...

If your property backs up to the drainage ditch running between these two neighborhoods please remember Public Works will be unable to mow/cut along the ditch until the downed fencing/debris is removed. Grass growth will increase in a couple of months... just giving you a timely "heads up".
