**City Website feature...**

The city's website has an application that permits you to see crimes committed in your neighborhood and throughout the city. [Crimemapping \(click here\)](#) Simply enter the name of your street and you'll see a map of your neighborhood with small symbols at different locations. Click on a symbol and a dialogue box pops up with information related to the offense that was reported there. You'll see a list of filters on the left side of your screen which allows you to see crime data from a number of different perspectives. If you have a neighborhood watch group set up in your neighborhood, or if you'd like to set one up, contact the Police Department's Community Relations office, 228.385.3033.

**Ward 5 Meeting feedback...**

Major Ron Lessner, Biloxi Police Department, heard comments related to Spring Break from about a dozen Ward 5 residents this past Wednesday. All present agreed the Traffic Plan, including police cruisers at the entrance to some subdivisions, worked well and traffic through those neighborhoods was minimal. Maj. Lessner noted there were five stages to the plan but only three stages were implemented because, due to the weather Saturday, crowds were well below estimates. He acknowledged that hiring additional law enforcement officers for the event allowed police cruisers to help control traffic in and out of those subdivisions between the Coliseum and Edgewater Mall.

Also, Jane Shambra, Biloxi Library, spoke about the Preservation in May historical program events which were listed in last week's eBlast.
