

Ward 5 eblast

Sunday, February 21, 2021

Good morning all...

This month begins the fourth year that I've emailed you weekly concerning city matters.

My intent has been to pull items together in a concise format that is both informative and educational for the people I represent in [Ward 5](#).

It turns almost as many residents outside Ward 5 have asked me to add them to this distribution list... and I have. [Click to see the first eblast.](#)

GIS (Geographic Information System) is pretty cool stuff... [Go there](#)

The city's Engineering department is constantly updating the city's GIS web page: Geoportal, Cemetery, Road Closures, Parcel Search, Voting Poll Locations, Engineering Projects, Crime, Zoning, Flood Zones, etc.
