

Ward 5 eblast

Sunday, June 12, 2022

This past week I received calls that city properties (parks, rights-of-way) were overdue for mowing; grass was knee-high! Some of those locations have since been mowed. Please know that the Public Works department is not derelict; they're short on manpower, have about 20 vacancies. So, if you know someone who's looking for a job...

Last week's historic pic showed Tullis-Toledano Manor in 1936. Today's pic shows the gaming barge that broke it's mooring and settled on the Manor's location, crushing what little remained after wind and water damage by Hurricane Katrina (2005). [See Hurricane Checklist](#)

Be careful, it's always phishing season... [Watch this 2:00 video](#)

"Phishing" scams are a very popular tactic computer hackers use to trick users into thinking they've received an email or text from a reputable company. Scammers will use logos, fake but realistic-looking email addresses and other tactics to trick you into clicking malicious links that will compromise your computer's security features. Do not click on links in emails that you weren't expecting, raise any sort of suspicion or sent from people you don't know. See the video link above for more advice.

Humane Society of South Mississippi... [HSSM website](#)

The non-profit Society needs your help! They've has taken 180 animals into the shelter since June 1, about 25 new animals/day, and are now about 150 animals above capacity. Financial contributions and donations of food and supplies for cats and dogs are welcome. [See the complete list](#)
