Division Street update...

A number of readers have inquired about when this project (widening the road between the I-110 exit ramp and Forrest Avenue) will be complete. A number of utility challenges (gas/water) have been resolved satisfactorily. Delivery of light poles has been delayed from mid-October to November 11th. Paving should begin sometime this week; striping cannot begin until 14 days after paving is complete. By my estimate, barring any additional challenges or late deliveries, the completion date is about November 18.

C Spire to begin boring in Bay Vista subdivision...

Some of you may have already noticed small yellow flags in your yard or along your street. C Spire will begin boring, in the city's right-of-way, to lay fiber for faster internet service in the near future. I have no definite start or end date to share. If you're worried about damage to your yard/driveway, take pictures *before* the boring begins for purposes of documentation.
