- *There was no Council meeting this past week but there was a workshop. Council workshop this past week... [Video \(1:38:27\)](#) "Special events"*

The Hahn Building, Biloxi, 1913, on the corner of Magnolia & Howard.

Proposed Special Events ordinance... [Original Draft](#) [Revised Draft](#)

The [city council conducted a workshop](#) this past Tuesday, May 30, concerning the proposed Special Events ordinance. Several people, most speaking on behalf of organizations that sponsor events and would be significantly affected by the ordinance, commented (pros & cons) as did council members during the 100-minute meeting. I anticipate another workshop prior to council action on the ordinances. [WLOX coverage](#)

Spratley Avenue road work update...

The City is lining up a milling contractor for the next phase of this project. Once milling is completed, the County will schedule the paving contractor. I'm guessing that all this will wrap up in the next few weeks... hopefully.

Building Division...

Questions on this topic? 228.435.6270
Before making alternations or repairs to your property, those repairs should be in compliance with the city's building codes. Qualified staff can help make sure your project complies with those codes. Biloxi is currently under the 2021 International Building Code and the 2023 National Electrical Code.
