New ambulance service begins February 1, 2024... [Hear the discussion](#)

Ambulance service, currently provided by American Medical Response (AMR), will transition to Pafford Emergency Medical Services (Pafford) during the month of January. Pafford will provide a minimum of 5 fully staffed and equipped ambulance units at all times with scalability up to 8 ambulances during peak deployment. Concerns about response time led to a Request for Proposals and concluded with the selection of Pafford.
