

Citywide Concerns, Prioritized	Tally	Priority
Homeless (coordinate charities/services, develop/carry out a plan, associated blight)	44	1
Traffic (traffic jams, traffic flow, synchronize traffic signals, schedule busses more frequently, camera at corner of Pass Rd. & Eisenhower Dr., turning lane for Stennis Dr. and MacArthur Ave.)	26	2
Protected trees, stop cutting down live oak trees	22	3
Infrastructure (complete projects, Pass Rd. drainage, drainage lines into Gulf are unattractive, re-surface roads, "continuation of Popp's Ferry Road"?)	19	4
Economy (Developer/position needed, overdevelopment, need more small/local businesses; big corporations squelch competition)	17	5
Beautification (littering, shopping carts, contractor trash that's windblown)	15	6
Code enforcement (enforce the land development ordinances)	14	7
Re-build the Lighthouse Pier (new parking lot, new sign... no pier!)	14	7
Parks & recreation	1	9
Limiting factors:		
1) 12 of 48 attendees were not residents of Ward 5... a number were from Ward 3 (trees).		
2) Estimated 7 attendees "voted/post-it tabs" for "neighborhood", not "city-wide", concerns.		
3) Some neighborhood groups were not represented or by only 2-3 people.		
4) My assumptions/interpretation of vague answers (" <i>continuation of Popp's Ferry Rd.</i> ").
