### Which projects to fund with bond money...

The City Council will be considering a \$14M bond issue to fund a number of projects proposed by the Mayor and the Council. The amount of the issue could increase depending on which projects are selected to be funded. To see the list of projects and the Engineering Department's estimated cost for each project, [click here](#). The actual cost of the projects selected won't be known until bids are received for those projects.
