Noise...

Periodically I receive calls from irritated residents (and who can blame them) that are tired of being awakened before sunrise by the clanging sounds of nearby dumpsters being emptied. See [City ordinance 1-1-4 \(17\) Street or parking lot cleaning or similar types of machinery and emptying and loading dumpsters](#). The operation of street or parking lot cleaning and similar types of machinery and the emptying or loading of dumpsters, the use of which is attended by loud or harsh noise, all day Sunday and between the following hours, e.g., prohibited during these hours:

- Monday through Friday, Midnight to 7:00 am and 10:00 pm to Midnight
- Saturday, Midnight to 9:00 am and 10:00 pm to Midnight

...except in cases of urgent necessity in the interest of public health and safety, and then only with a written permit from the mayor stating the necessity therefor, which permit shall be granted for a period not to exceed the lesser of seven days or the time of the next meeting of the city council.
